

BATWING REACH® HANDLEBAR ('02-'07 MODELS) – 55914-98 (POLISHED STAINLESS STEEL)

BATWING REACH HANDLEBAR

BATWING REACH® HANDLEBAR

These high-quality, handlebars are designed to bring the controls 2.0" closer to the rider for increased comfort. Especially helpful for shorter riders or those with short arms.

55914-98 Polished Stainless Steel.

Fits '02-'07 Electra Glide® and Street Glide® models. All models require separate purchase of additional components. FLHX and models with fairing-mount mirrors require separate purchase of handlebar mounted mirrors and Fairing Plugs P/N 732 (Qty 2) and 755 (Qty 2). Does not fit models equipped with heated hand grips with internal switch wiring, Hydraulic Clutch Kits or Sidecar.

NOTE: Installation of handlebars and risers may require a change in clutch cables or lines, throttle cables, or brake lines for some models. All modular lower brake lines listed are based on stock front suspension. Harley-Davidson Motor Company cannot test and make specific fitment recommendations concerning every possible mirror and handlebar combination. Therefore, after installing new mirrors, handlebars, or control cables/lines and before operating the motorcycle, check to ensure that all controls are fully functional and that the mirrors provide the operator a clear view to the rear. Handlebar height is regulated in many areas. Check local laws before installation.
